About Web@Work

MobileIron Web@Work is a secure browser that allows enterprise users to securely access web content in their corporate intranet. Using Web@Work you can limit access to enterprise data to authorized users. When Web@Work is deployed in conjunction with AppTunnel, you secure the enterprise data in motion. The Web@Work app for iOS is an AppConnect enabled app.

Support and compatibility

Support Policy

MobileIron defines supported and compatible as follows:

Term	Definition
Supported product versions	The functionality of the product and version with currently supported releases was systematically tested as part of the current release and, therefore, will be supported.
Compatible product versions	The functionality of the product and version with currently supported releases has not been systematically tested as part of the current release, and therefore not supported. Based on previous testing (if applicable), the product and version is expected to function with currently supported releases.

MobileIron components

Component	Supported	Compatible
MobileIron Core Or MobileIron Cloud	11.0.0.0* *Core 11.0.00 is targeted to release on December 3, 2020.	10.1.0.0 to 10.8.0.0
	R74	Not applicable since only the latest version is available to all customers in Cloud.

- Japanese
- Korean
- Polish
- Portuguese (Brazil)
- Romanian (Romania)

- Russian
- Slovak
- Spanish (Latin America)

Resolved issues

This section describes the following resolved issues fixed in the current release of Web@Work. For resolved issues found in previous releases, see the "Resolved issues" sections in the release notes for those releases available in [MobileIron Web@Work for iOS Product Documentation](#).

- **ISB-4298:** Previously, the Web@Work app running on the latest iOS beta build would crash when launched on iOS devices with Bionic chip. This issue has been fixed.

Documentation resources

MobileIron product documentation is available at <https://help.mobileiron.com/s/mil-productdocumentation>.

If you have a MobileIron Cloud deployment, the MobileIron Cloud Administrator Guide is also available from your instance of MobileIron Cloud through the **Help** link in the user interface. MobileIron Support credentials are required to access documentation in the Support Community
