Introduction

V3 SDK Version: Mac and Windows 3.6.11667.2

V4 SDK Version: Windows 4.3.5715.0 Mac 4.3.5156.0

V3V4 Adapter Version: Windows 4.3.3621.0 Mac 4.3.3544.0

Note: The SDK embedded in this ESAP version is tested and qualified to interoperate with an extensive list of endpoint security applications covering most products listed in the supported products list.

Interoperability and Supported Platforms

Please refer to the [ESAP List of Supported Products](#) for supported versions of browsers and operating systems in this release.

ESAP 4.8.3 Compatibility Chart

This ESAP package can be installed on the following ICS and IPS software versions.

- ICS 25RX
- ICS 22RX
- IPS 22RX

-
- The ESAP package can be installed and function without any errors on older releases. However, as the installation has not been tested, we recommend that it be used only on the above versions of software releases.
 - This ESAP package contains V3 and V4 versions of OPSWAT SDK.
-
